

ROBERT S. LAFFERTY, JR.

Chairman of the Board

Education: University of Florida
Bachelor of Science, Mechanical Engineering

Experience: Bob began his career at Hill York in 1956 as a Project Engineer. After three years, he was assigned to the Sales Engineering Group, which was responsible for the estimating and sales of all large HVAC Design/Build contracts in South Florida.

In 1960, when he became President, Bob also became a stockholder in Hill York and its associated companies. Since that time, Hill York has grown to be one of the largest HVAC corporations in the country. Today, Bob serves as Chairman of the Board.

He is an active member of the Orange Bowl Committee and has served as its President. Bob participates in numerous church, civic and business associations and activities. He is an avid golfer and a devoted husband, father and grandfather.
